Dear Parents and Carers

I am sure that many of you will have shared our disappointment at the number of difficulties that have occurred with our bus service this term, and in particular the late arrival of some of the afternoon services. We recognise that this presents inconvenience and concern for families.

We have raised every late arrival with CT Plus and Metro who provide the service. We will be meeting with them at the earliest opportunity to make sure they understand the consequences of their lateness for our families and to make sure they are working to secure a resolution.

Thank you for your support.

Yours sincerely

CHRISTOPHER WALSH
Principal
